

COSPLAY CREATION WORKSHOPS

EVERY 3RD SATURDAY, 10 A.M. - 12 P.M.

This Pop Culture Classroom series will introduce you to the amazing world of cosplay (costume play)! We'll show you how some of the most popular character costumes are designed and teach you the tools and techniques that real-life cosplayers use to construct handmade costumes. You'll learn from cosplay artists how to work with costume-making materials, and even get the chance to dress up as your favorite characters!
